

St. Gabriel Archangel Activities

Fall 2022

****Monday Class****

MAD SCIENCE – TECHNO SAFARI – K thru 5th (Max 20 – Min 10) (8 Weeks - \$125)

Encounter science that's all around us! Discover the wonderful world of animals— above and below water! Feel the force of energy and the might of motion in exciting physics explorations. Explore alternative energy sources, venture into the world of robotics, shake up a mixture, and experiment with telecommunication! The amazing take home projects in every class will have you exploring more at home!

CREATIVE COOKING w/CAROL – K thru 5th grades (Max 8 – Min 6) (8 Weeks - \$115)

Learn how to make fun and creative kid-friendly foods! This hands-on relaxed environment will teach kids how to work together and make a variety of different snacks and desserts. It will also include learning about food safety, culinary skills, nutrition and of course eating your creation. All supplies and ingredients are included.

****Tuesday Classes****

KARATE – K thru 5th (Max 12 – Min 5) (10 Weeks - \$195)

This class encourages confidence, discipline and defense in a family friendly and fun environment. Practical techniques address how to deal with bullies and “stranger danger” awareness. Emphasis is put on developing a healthy attitude versus absolute precision. Karate promotes focus, concentration, self-confidence and discipline. Steve Robinson’s class has always been a fan favorite. Make up classes are always available at Robinson’s Karate Studio. Classes offered on Tuesday and Wednesday’s.

MAGIC – K thru 5th grades (Max 15 – Min 6) (10 Weeks - \$130)

Mind read the number a spectator is thinking of! Instantly add a column of 4-digit numbers! Make balls travel mysteriously from 1 hand to another! Learn these tricks and more in our brand new mathmagic class! Students get their own magic case and new props to put in it each class. You may well get a nightly show! The tricks are math-based. So while students develop their presentation skills as they enjoy learning magic, they are also sharpening skills in addition, subtraction, measurement, counting, even-odd, and geometric shape recognition. The class concludes with students putting on a MatheMagic show for their families. (Abra-Kid-Abra Company)

CLAY ART - 1st thru 8th (Max 12 - Min 5) (10 Weeks - \$190)

Roll up your sleeves and learn countless tricks of the ceramic trade as a budding clay artist. Designed for kids with or without clay experience, this class will explore important clay basics, explain kiln firings, and provide young artists with the time to exercise their own imagination in clay. Projects and skills learned include: slipping and scoring, pinch pot expansions, slab building, coffee and tea cups, coil building, rattles, masks, ceramic landscapes and independent projects. All supplies are included but you may have to pick up creations at Colorbridge Art on Mackland

****Wednesday Classes****

KARATE – K thru 5th (Max 12 – Min 5) (10 Weeks - \$195)

(Robinson Karate Studio) This class encourages confidence, discipline and defense in a family friendly and fun environment. Practical techniques address how to deal with bullies and “stranger danger” awareness. Emphasis is put on developing a healthy attitude versus absolute precision. Karate promotes focus, concentration, self-confidence and discipline. Steve Robinson’s class has always been a fan favorite. Make up classes are always available at Robinson’s Karate Studio. Classes offered on Tuesday and Wednesday’s.

CHESS CLUB – K thru 8th grades (Max 20 – Min 8) (10 Weeks - \$115)

You don't have to be an expert to play with the Saint Louis Chess Club! This class provides opportunities for players of all ages and skill levels to improve their knowledge of chess. Chess offers benefits of critical thinking, problem solving and strategy. **This is class is NOT part of the St. Gabriel CYC Chess Club.**

****Thursday Classes****

BRICKS 4 KIDZ – K thru 4th grades (Max 18 – Min 6) (10 Weeks - \$155)

In this early engineers class we teach children principles of science technology, engineering, and architecture using motorized LEGO models. Each lesson is unique and designed to engage a child’s mind. Students will work in pairs to build a motorized LEGO model demonstrating the concepts taught.

IRISH DANCE – K thru 5th (Max 12 – Min 6) (10 Weeks - \$130)

Have you ever wanted to try Irish Dance? Now is your chance! This class will introduce the kids basic Irish dance steps, learn to count in the Irish language and learn to play a few simple songs on the Penny whistle. They will also be introduced to the culture of Ireland. Taught by St. Louis Irish Arts. Penny whistle is included for your child to keep. Tap shoes are not required but helpful.
